Financial Accounting Tutor (FAcT 98) is a self-paced tutorial for reviewing financial accounting concepts. Its 30 chapters cover introductory and intermediate accounting in an easy-to-understand format with plenty of examples and graphics. Search the text, add your own notes, bookmark pages, and pop up the calculator to work through the examples at any time. The FACT Assistant provides basic tools for figuring out depreciation, cash flows, bond prices, interest rates, and more. Financial Accounting Tutor is an excellent resource for students or others who need to brush up on their accounting skills.
